Resilience Through Sacred Healing Sounds

A Life-transforming Retreat with Yuval Ron

At a luxurious ranch in the beautiful and spiritual land of
Ojai, California

- **Experience in-person** the transformative power of Sacred Sound practices from six wisdom traditions: Sufism, Ayurveda, Kabbalah, Chinese Medicine, Plainchant, and Nada Yoga.
- **Discover the science of sound healing:** Research suggests these practices may support improved immune function, restorative sleep, greater resilience, emotional well-being, a profound sense of inner peace, and a spiritual purification.
- **Immerse in sound healing sessions** led by Yuval Ron featuring Sufi and Kabbalistic mystical chants, sacred dance, the Psalms, Six Healing Sounds of Qi Gong, Mantra, and sound meditation practices.
- **Share the journey** with a community of spiritual seekers, healers, and kindred souls as you cultivate connection, presence, and renewal through sacred healing sound.
- **Enjoy nourishing California gourmet cuisine**, freshly prepared each day on-site by a private chef using seasonal ingredients.
- **Embark on a pilgrimage to Meher Mount**, a 172-acre sanctuary atop Sulphur Mountain at 2,500-foot high, where breathtaking views and a vigil beneath a revered grandfather oak tree invite contemplation, gratitude, and stories of resilience.
- **Walk a sacred labyrinth by candlelight**, accompanied by Yuval Ron's live music in a deeply meditative evening ritual.
- **Restore body and spirit** amidst Ojai's tranquil mountains, orchards, pool, and jacuzzi, while gaining practical sacred sound practices you can continue long after the retreat ends.

All are invited!
